## Leadership Studio

### Renaming of Vice President Positions:

The Leadership Assembly voted to rename our current Vice President positions to better identify their roles and clarify that there is no vertical alignment between our VPs. The new VP names are:

Vice President of Regions (formerly the 1st Vice President)

And

Vice President of PR/Advocacy (formerly the 2nd Vice President)

### NEW Vice President Position:

The Executive Committee and Leadership Assembly are currently reviewing the addition of a new Vice President position - VP of Divisions. This addition is being considered because our current Past President is currently the chair of the Professional Standards Committee (made up of Division Chairs) and yet still has numerous additional responsibilities related to executive leadership. The Leadership Assembly has been giving feedback and suggestions throughout the month of April and the Executive Committee will meet in May to review and make final suggestions. We hope to have the details completed and ready for a Leadership Assembly vote by mid June.
